St. John's Ministry,

Do you ever feel like you are treading water or maybe you've taken a step backwards? It feels that way right now doesn't it? We've had a Covid-19 case spike and we're all trying to figure out how to move forward. That might feel like a step backward. Obviously we'd love to have this pandemic in our rearview mirror but new challenges sometimes take time to overcome. This challenge is so new that we're all just learning and learning takes time. The vaccine is actually years ahead of schedule and we are learning new ways to manage something like this. Almost 5 million jobs were added or came back in June. We have lots to be thankful for and progress is happening! Our church councils are working to find the best way to reopen while keeping everyone safe. We're figuring it out as we go. Can we do it? Of course we can!

We can do all things through Christ who strengthens us (Phil 4:13).

Blessings to you.

Lay Pastor Jeremy Wolfe

Require congregation to wear masks and/or bring their own. No singing or hand shaking. Social distancing required and it was discussed the people first to arrive should sit towards the front and fill alternating pews as more members arrive. Karla will look into the purchase of hand sanitizer stations. It was discussed to have weekly services at both churches with Luana Summer hours of 8:30am for worship. Church can listen to hymns with vocals versus singing. Karla passed out "Guidelines for Considerations of Returning to In- Person Worship during the COVID-19 Pandemic." Prepackaged communion will be issued. The Church has three speakers that can be placed in windows for those who want to worship outside in the North lawn. BOTH CHURCHES NEWS

August 2020, LSI Bulletin/Newsletter Article and Story

Back to School Month

School is right around the corner! This year's back-to-school time feels a little different than usual for all of us, but imagine what it would be like to be a child or teen with an emotional or behavioral disorder. For the last several months, their routine has been turned upside-down and they've learned to adjust to a new way of life. Moving back into a school year structure can be particularly stressful and it can be difficult to concentrate and cope.

Lutheran Services in Iowa (LSI) provides mental health services to children and families across the state. It's our job to relate to children who might feel alone or misunderstood. Our therapists provide virtual telehealth therapy sessions with children while our Behavioral Health Intervention Services team collaborates with families virtually or in a community setting to help them develop skills like anger management and healthy decision-making. LSI also provides 24-hour mental health care at the Bremwood and Beloit Residential Treatment Centers in Waverly and Ames to empower Iowa's most vulnerable children and teens.

We thank you for your support of LSI's mission as we respond together to the love of Jesus Christ through compassionate service! We know there are more Iowa children in need of this critical care. If you would like to learn more about how you can give a gift to support these crucial services, please contact Deb Whitford, LSI director of philanthropy and church relations, at 563-676-2065 or Deborah.Whitford@LSIowa.org.

We are Still Here: LSI's Therapy Services

When LSI's workforce began working remote as a COVID-19 precaution, therapist Andrea knew she would need to adjust to a new way of providing therapy to the clients she serves.

In particular, one individual she met with struggled with anxiety on a daily basis. With the pandemic, however, her anxiety deepened and she spiraled to levels she hadn't encountered in years. And she was afraid she would no longer be able to see Andrea and receive the weekly therapy she'd relied on.

But that wasn't stopping Andrea. She set up a home office where she could provide telehealth virtual therapy sessions to all her clients in need of the same consistent care they were used to. Andrea used this time to work with her client on self-care strategies, coping skills, and mindfulness to help her client stay grounded when she felt anxious.

Andrea's client now has the tools she needs to handle the difficult days through this crisis, and Andrea is able to continue providing life-changing serves to Iowa children, adults, and families in her community.
