**VOLUME 1 JANUARY 2024 ISSUE 62**

*Established 1893*

To start the New Year I wanted to get on my soapbox and take a moment to address something that I get from time to time and for some reason it's been coming up more and more these days.

As you probably know I have a technology background and I'm not shy about using it. My hope is that this is a blessing to the church but from time to time people view it as less than a blessing. My goal is to enhance ministry with technology, not to replace it or to change it. That being said I am sometimes surprised by the idea that the use of technology for outreach takes away from anything. The way that I like to use technology is as one more avenue to reach people. Another door into the church, especially for those who can't be there due to distance, mobility, etc. I make videos, livestream, and use Facebook to create and promote events and other such things. It's a valuable tool for connecting and sharing info. That being said, we meet in person in a sanctuary every week. We have face to face meetings, not Zoom ones. We print things in the church bulletin and announce them verbally in church. We have a newsletter and calendar that's physically mailed. For those who don't use the internet we broadcast our services on cable access. People can call me. I call them. I've never turned down a face to face meeting. I keep office hours. I visit people face to face. What you are reading now is a slightly rewritten Facebook post. So what you are reading exists in the digital world and on paper, as it should.

We have a foot in both the old school world and the new one I think. I can't bring back the world as it was before the pandemic. I can't bring back the world as it was before the internet. I can't force someone who doesn't use much technology to embrace it. What I can do is to try and face the world we have now and to create as many doors and windows into the church as possible. Some of those doors are physical, some are not.

Whether someone has a rotary phone or the latest smartphone I think we do a good job of trying to reach everyone where they are at and give them a way to connect. God calls us to use our talents to help the church. My major in college was communications so social media is naturally something that I'm going to use. I have several IT certifications and so naturally I'm going to use those talents. If you don't have a smart phone or use social media I envy you! It's a double edged sword. It's a great way to connect but it can also take over your life.

Recently we observed All Saints Day and lit candles for the recently departed. Not everyone can make it to a Christmas service. I wonder how many loved ones who couldn't be there physically were able to connect to those services through a livestream or television broadcast? I hope a few.

I have spent time in churches where technology has taken over. This isn't us and it isn't what I aim for. I aim for reaching as many people with the gospel as possible. Blessings to you in the New Year.

-Jeremy

January is the first month of the year in the Julian and Gregorian calendars. Its length is 31 days. It is, on average, the coldest month of the year within most of the Northern Hemisphere and the warmest month of the year within most of the Southern Hemisphere .

Both the modern and traditional birthstone for January is garnet.

January has two birth flowers—the carnation and the snowdrop. Carnations are one of the most common commercial flowers used in weddings, on corsages, and in mixed arrangements.

### January 2024, LSI Bulletin/Newsletter Article and Story

#### **Amplifying the Voices of Iowa Children and Families**

Individuals struggle without access to critical healthcare and family support services. Human service providers are overworked and underpaid. Former refugees and immigrants strive to build new lives in the U.S.

These are all issues faced by Iowans from all different walks of life. Join Lutheran Services in Iowa (LSI) to advocate for our community members at Lutheran Day on the Hill (LDH) on **Monday, February 19, 2024**. In partnership with the three Iowa synods of the ELCA, LDH is LSI's biggest day of advocacy. Over 150 participants gather at Capitol Hill Lutheran Church in Des Moines to learn about critical issues Iowa children, adults, and families are facing. You'll learn more about the legislative process, the issues impacting your neighbors, and your role as a citizen in helping to amplify their voices.

After learning how to advocate for our neighbors, the group heads to the Iowa State Capitol to talk directly with legislators.

For more information and to register for this year's Lutheran Day on the Hill, visit [LSIowa.org/LDH](http://LSIowa.org/LDH).

*Our Mission: Lutheran Services in Iowa responds to the love of Jesus Christ through compassionate service. LSI is an affiliated social ministry partner of the Iowa congregations of the ELCA (Evangelical Lutheran Church in America) and a member of LSA (Lutheran Services in America). ### EPIPHANY

I don't know about you but... I love Christmas! One of the beautiful things about the church calendar is that the celebration of Christmas doesn't end on December 25th. On January 6th we celebrate the epiphany. The arrival of the magi or wise men. These mysterious kings came with gifts to pay respect to the king of kings. While we don't know too much about them we know that they loved God and followed him. They followed his star and they followed his instruction when he told them in a dream to stay away from Herod on their way home. So even though Advent has passed and Christmas Day has come and gone, spend some time with the wise men if you can!

## NEWSLETTER – JANUARY 2024

“And that is a wrap”! Christmas for Kids was a huge event. We expected over 500 children and we were able to serve 491. Between Toys for Tots and our communities, we were able to fulfill the task of providing Christmas for kids in need. It was such a blessing to see the generosity of the churches, businesses and individuals this year.

This is one of the largest tasks that I have as a job requirement. Months of organizing, buying pajamas (which by the way, I hope I don’t look at for a while), getting volunteers lined up and focusing on donations.

A huge thank you goes to my hard-working elves! Those volunteers were so dedicated, eager and helpful. So many laughs, stories, great food and of course toys, toys, and more toys! I cannot lie... I may have played with a few along the way.

Our region in Iowa is considered a very poverty-stricken area, but from what I just witnessed, we have the biggest heart! The feedback that I have received is that the clients were VERY appreciative, impressed and over-whelmed with the gifts they received. Thank you goes out to everyone as it takes a village to make this event a success.

### *Clothing Center Updates:*

The clothing center will be closed from December 25-January 1, 2024. We have been blessed that people choose to bring their items here, but we have to have organization for this process. Therefore, we will be enforcing the policy of having a scheduled appointed day for drop offs. Having this appointment allows us to schedule a volunteer to help sort so we can continue to accept donations all week long. This also allows me to schedule my time to get other duties such as preparing my special projects, book work and conference duties done. I am beyond grateful for everyone that has visited and donated as we do want this to be your one stop local thrift store shop!
